

Md. Ibnul Alam Talukder

Industrial and Production Engineer

✉ ibnul.ipe@gmail.com ☎ +8801645-605513 📍 Kashimpur, Gazipur 🌐 Ibnul Alam

🎓 EDUCATION

BSc Engineering in Industrial & Production Engineering, *Shahjalal University of Science & Technology, Sylhet*
2016 – 2020
CGPA 3.46 (Out of 4.00)

Higher Secondary Certificate (HSC), *Notre Dame College, Dhaka*
2013 – 2015
GPA 5.00 (Out of 5.00)

Secondary School Certificate (SSC), *Ghatail Govt. Pilot High School, Ghatail*
2008 – 2013
GPA 5.00 (Out of 5.00)

🧠 TECHNICAL SKILLS AND EXPERTISE

- MS Excel, Word, PowerPoint
- Data Analysis
- FastReact Software
- Oracle ERP
- Demand Planning
- Capacity Planning
- Production Planning & Operation Control
- Power BI

🏢 MAJOR COURSES

- Operation Management
- Project Management
- Supply Chain Management
- Quality Control Management
- Product Design & Development
- Manufacturing Process
- Industrial & Business Management

Dedicated Industrial & Production Engineer with expertise in production planning, demand forecasting, and inventory management. Proven ability to enhance operational efficiency and optimize resource utilization. Skilled in data analysis, utilizing Advanced Planning Software, ERPs and implementing effective planning strategies. Strong communicator and collaborative team player, committed to achieving organizational goals

🧰 EXPERIENCE

Sr. Executive - Production Planning, *DBL Group (RMG Division)*
08/2024 – Present

Assigned Business Portfolios:

- Buyer: George (Walmart), Bestseller, MQ Marqet AB.
- Assigned for 32 sewing lines production planning.

Core Responsibilities:

- Plan and schedule sewing production using **FastReact**, aligning orders with capacity and shipment timelines.
- Conduct regular capacity analysis to optimize production loading and planning efficiency.
- Develop and maintain Master Production Schedule (**MPS**) to ensure smooth daily operations and adaptability to changes.
- Prepare Fabric Demand Plans and Material Requirement Plans (**MRP**) to support timely sourcing and production.
- Coordinate cross-functionally with Merchandising, Sourcing, Stores, Fabric Mills, Printing, and Embroidery to ensure seamless material flow.
- Optimize manpower and machine utilization to maximize production efficiency.
- Monitor and follow up on pre-production activities to ensure on-time schedule execution.

Executive - Planning & Distribution, *Star Ceramics Limited (Sanitary Ware Division)*
12/2022 – 07/2024

Core Responsibilities:

- Review historical sales trends for preparing the monthly demand plan and coordinate S&OP meeting.
- Prepare monthly production schedule of Sanitary Ware based on agreed sales forecast & demand and follow up.
- Inventory management to ensure availability of stock.
- Prepare delivery plan from centralized warehouse to dealers by effective Distribution Planning.
- Cross functional Management with Brands, Sales, Procurement and Finance to ensure the desired target for the company.

★ PROJECTS AND THESIS

Project on "Developing a Prototype of Portable Air Cooler and Heater", sessional course of *Product Design and Development*.

Project on "Developing an Automatic Counting System of Belt Conveyor Using Arduino and IR Sensor", sessional course of *Measurement and Instrumentation*

Project on "Simulation of a Restaurant's Service System using ARENA", sessional course of *System Modeling and Simulation*

Performance analysis of selected PV panels & feasibility analysis of a grid connected PV system., *Thesis*

🌐 LANGUAGES

Bengali: Native

English: Professional Competency

🧠 SOFT SKILLS

- Analytical & Data-Driven
- Excellent Communication
- Problem Solving
- Energetic & Hard Working
- Leadership
- Teamwork

Production Engineer - IE & Planning, *Arunima Sports Wear Limited (RMG Division)*
02/2021 – 12/2022

Core Responsibilities:

- Managing IE activities & lean implementation in sewing section.
- Reviewing production plan with respect to capacity & strength.
- Line Balancing & solving Bottleneck areas for smooth production.
- Preparing OB & SMV database for all styles.
- Ensuring optimum utilization of Man & Machine.
- Preparing NPT reports & ensuring possible NPT reduction.
- Cross functional co-ordination with all departments.

📁 PROJECTS

Implemented Lean methods in FG stock based on FSN analysis.

Developed a Casting Live Module in ERP for visualization.

🏆 ACHIEVEMENTS

30% stock breakage reduction by maintaining line wise FG

Forklift operational cost reduction by 17%

Delivery capacity increased about 25%

📜 CERTIFICATIONS

A 14 days training on industrial engineering at BITAC.
(December, 2018)

Four weeks training on "Industrial Technology" at TICI, Narsingdi.
(2020)

Certified supply Chain Manager (CSCM)- BISC

A 4 weeks training on MS Excel at SUST.
(October, 2019).

Certification on "Excel Skills for Business. (Macquarie University, Coursera)".
